SOLAREZ NEO-REZ 56ml. WETSUIT REPAIR KIT

DESCRIPTION

NEO-REZ is a fast-curing, clear synthetic that works great to repair neoprene wetsuits. Unlike other sealers or patches that take hours or even days to cure, NEO-REZ is dry to the touch in about 20 minutes and can be put into use in about two hours. When thoroughly cured, NEO-REZ is totally waterproof and incredibly strong yet soft and supple.

Use NEO-REZ to:

- Seal Seams
- Repair Rips
- Fill small holes
- Retread Booties
- Beef Up High Wear Areas
