EVERYTHING IN IT

Contains everything you need to professionally repair your surfboard.

SUPER STRONG & CLEAR

Silmar 249a is the surf industry's highest quality polyester resin. It is super strong and clear and does not yellow.

DETAILED INSTRUCTIONS

The easy-to-understand instructions for use with detailed descriptions and pictures help you achieve perfect results.

ECO-FRIENDLY

The kit is packaged in an environmentally friendly way in a recycled cardboard box. The resin is delivered in bags that have approximately 70% less carbon footprint compared to plastic bottles, by saving material, weight and transport volume.
