

BULL WAX PARAFFINA TROPICAL BASECOAT ABOVE 26°C - 78°F

Code: BU-WAX_001

€ 3,50

BULL WAX PARAFFINA TROPICAL BASECOAT ABOVE 26°C - 78°F

Hot water temperature above 26°C - 78°F

Bull Wax is a high quality surf wax designed for warm water conditions, making it perfect for surfing in tropical locations. It offers exceptional grip and long-lasting grip on the surfboard, ensuring control and stability.

Is formulated with the finest ingredients, including a blend of tropical fruit extracts and natural wax. These components not only improve the adhesion properties of the wax, but also give it a refreshing tropical scent, making everything more pleasant.

It spreads easily and evenly.

BULL WAX prides itself on producing eco-friendly, non-toxic surf waxes, ensuring they do not harm the ocean and its inhabitants. It is made with sustainable ingredients that do not harm marine life or the environment.
