The CBC 7ft Cal Bear Surfboard is known for its ease in use, its durability, its fun wood graphic that covers the whole top and bottom of the board, and its affordable price!

This soft top surfboard has a waterproof EPS foam core with 3 built in wood stringers for structure with flexibility, an XPE/IXPE deck skin that hardly needs wax for grip, and a slick polyethylene hard bottom that glides smoothly across the water.

The custom shape, size, and construction of the Cal Bear 7's surfboard make it the perfect board for beginners or advanced surfers just looking for a long, smooth ride on smaller size waves.

A traction pad comes already attached to the deck to provide extra footing help once you're up on that wave and a PU surf leash is included so you don't get separated from your board when the ride is over.
