

CHANNEL ISLAND 5'9" HIGH 5 TUFLITE V-TECH FCSII

Code: CITL-HF0509-201

€ 969,00

CHANNEL ISLAND 5'9" HIGH 5 TUFLITE V-TECH FCSII

- 5'9" x 20.5" x 2.8" - 36.0L

Designed to be a quicker and more nimble offspring of the Average Joe, the High-5 Tuflite V-Tech will jack-up your wave count while still allowing for rail work and making sections. The bottom has a single concave entry to deep double through the fins, closing to a deep concave vee off the tail. The Tuflite V-Tech construction makes the High-5 the perfect travel board giving it durability while keeping its natural flex with the micro-sandwich veneer.
