

CHANNEL ISLAND AVERAGE JOE 5'9" TUFLITE V-TECH FCSII

Code: CITL-AJ0509-201

€ 969,00

CHANNEL ISLAND AVERAGE JOE 5'9" TUFLITE V-TECH FCSII

5'11" X 22.4" X 2.9" - 43.3L

Designed to be a quicker and more nimble offspring of the Average Joe, the High-5 Tuflite V-Tech will jack-up your wave count while still allowing for rail work and making sections. The bottom has a single concave entry to deep double through the fins, closing to a deep concave vee off the tail. The Tuflite V-Tech construction makes the High-5 the perfect travel board giving it durability while keeping its natural flex with the micro-sandwich veneer.
