€ 89,95

FANATIC PADDLE CARBON 25 ADJUSTABLE 3 PIECE 165-220 CM

Our dedicated intermediate/river paddle Carbon 25 8" has an excellent flex to weight ratio, delivering beginner and aspiring paddlers alike with all the characteristics needed to progress. The Carbon 25 is available in both 165 – 220 cm adjustable and adjustable 3-piece versions, so it can be shared amongst family and friends. The durable ABS Blade is perfect for the action seeker looking to conquer wild waters of rivers and streams with the occasional bottom contact. The unique carbon look of its shaft rounds off this incredible package.

PADDLE TECHNOLOGY / ANTI TWIST SYSTEM

Our new Anti Twist System, with its channel on the extension and a matching cleat system, puts an end to using additional forces whilst locking your adjustable system. It ensures that the handle and blade are always lined up correctly. Paddle with confidence – your shaft and handle won't move! Our adjustable models are now all equipped with Anti Twist System.
