FCS GRIP JULIAN WILSON TREADLITE CHARCOAL RED Overview

Designed and tested in collaboration with the world's best surfers, the FCS Athlete Series Traction range has rider-specific features for the ultimate in performance.

Treadlite Technology

Treadlite uses micro-dot traction technology which allows maximum stick potential in high-performance maneuvers.

It is our thinnest and lightest traction pad yet, making the back of the board more responsive and easier to feel your way through the turn.

Features

- 3 piece pad
- Double Square Groove
- Trapeze arch bar
- High tail kick
- Ultra thin sensitivity
- Nano-dot grip technology
- Channels for extra resistance
