Fin Family

Accelerator: Find Control. Speed, flow and response with added control.

3 Fins set

FIN MATERIAL PERFORMANCE CORE

FIN SIZE XS (under 55 Kg/120 pounds)

MORE INFO FIN SPECS: MEDIUM

Performance Core

Performance Core (PC) fins are made using a multi-layered resin transfer molding process. The flex pattern in PC fins extends progressively from the base through to the tip, helping the surfer to maintain drive and hold through a turn. This versatile fin material is light, and can be used in a variety of different conditions.

Please Note: this fin is designed to be used exclusively with the FCS II Fin System, and will not fit in the traditional FCS Dual Plug System.
