€ 129,00

FCS

FCS II FW FIREWIRE PC CARBON TRI FIN SET

3 Fins set

Overview

Designed by Dan Mann, the new 2020 Fire Wire template is an all-round thruster set with shades of twin fin characteristics. Suited to most Firewire models and high volume surfboards, the full-bodied XL side fins produce exceptional hold and drive off the bottom, the smaller centre fin and unique tip design offers the projection of a twin and a surprising amount of release through turns.

Supercharged and very exciting to ride.

Ideal Conditions

A wide range of conditions, particularly good in critical overhead waves.

Board Types

Designed to fit the FCS II Fin System.
High-volume shortboards and hybrid models with wider tails and lower rocker.

Fin Family

Performer: Find Balance. A balance of speed, flow & response.
