

## FCS II KOLOHE ANDINO PC TRI FIN SET BLACK BLUE

Code: FKAM-PC07

€ 129,00

**FCS**

### FCS II KOLOHE ANDINO PC TRI FIN SET BLACK BLUE

Kolohe Andino's signature fin. Delivers a lively mix of drive, pivot and release.

#### OVERVIEW

Kolohe Andino's signature fin delivers a lively mix of drive, pivot and tail release for performing fast, explosive turns and airs on and above the wave.

#### IDEAL CONDITIONS

A wide range of conditions, particularly good in critical overhead waves.

#### BOARD TYPES

Performance boards with deep concaves and moderate-to-extreme rocker.

Please Note: this fin is designed to be used exclusively with the FCS II Fin System, and will not fit in the traditional FCS Dual Plug System.

#### FIN MATERIAL

##### PERFORMANCE CORE

Performance Core (PC) material and construction is designed to deliver the feeling of a traditional fibreglass fin with the added performance of reduced weight. The RTM (Resin Transfer Moulding) process produces a lightweight fin with remarkable flex, a smooth feel and an impressive aesthetic.

MEDIUM (65Kg - 80Kg / 145 - 175 Lbs)

**BASE** is the length between the leading and trailing edge where the fin meets the board. Base is primarily linked to drive. Fins with a longer base will offer substantially more drive and acceleration.

**DEPTH** is the distance the fin penetrates into the water. Depth directly relates to hold. The greater the depth the more hold, the shorter the depth the more a board will slide and release.
