FCS II PYZEL TRI FINS BLACK SHIRAZ

Jon Pyzel's "JP" shaper fin. Designed as an 'All-Round' template, the JP is defined by its Lock, Load and Explode characteristics.

The longer base and narrow, tapered tip injects some critical elements for surfers who like to drive hard off the bottom and get the fins free off the lip.

Ideal Conditions

Like a typical All-Round fin, the JP feels reliable in different waves and boards. It's fast and loose with an underlying feeling of control, that's not overbearing.

Board Types

Designed to fit the FCS II Fin System.
High-performance shortboards and hybrid models with wider tails and lower rocker.

Fin Family

Performer: Find Balance. A balance of speed, flow & response
