FCS PUSH BIKE RACK SEAT MOUNT

Introducing our versatile seat post mount for the ultimate board transport solution. With adjustable brackets and quick-release arms, this rack is built for convenience. Locking clips ensure your straps stay secure, while thick foam protection and wide elastic bands safeguard your boards and rails. Whether you're cruising or commuting, our toolless adjustable design offers a hassle-free experience.

Features

Seat post mount adjustable for various seat pole sizes

Toolless adjustable brackets and quick-release arms for when racks are not in use

Locking clips to stop the unwanted release of straps

Thick foam to protect boards

Wide elastic for secure holding of boards and not damaging the rails. Adjustable length to suit various board widths.

Toolless fully adjustable lower arms
