FIREWIRE 9X EXPANDER PACK TRACION PAD CHARCOAL
ALGAE FOAM

You're in control with the new '9X Expander Pack'. Each pack has nine separate pieces. You can use two packs to design your own front pad, or one pack to grip the space between your front and back foot traction. Mid-length? Longboard? No worries... You can use any number of packs to track any shape in your quiver. Each traction piece in every 9X Expander Pack is created with ultra - fine 2.5 MM thick rectangle tread using BLOOM Foam. 2.5mm thick Rectangle tread 3M adhesive backing.
