

FUTURES FINS AM2 HONEYCOMB THRUSTER L

Code: 1160-176-00

€ 125,00

FUTURES FINS AM2 HONEYCOMB THRUSTER LARGE

The AM2 Honeycomb combines the large AI Merrick template with a medium flex pattern, making this fin a versatile option for bigger surfers in comparison to the Techflex and Fiberglass models. The AM2 Honeycomb fin is designed to perform in a variety of conditions and has a wide base for drive off of the bottom, more rake for big carves and a finer tip for release off of the top.

Futures Fin Key included

SIZE:

Large (180lb+) (80kg+)

HONEYCOMB

A lightweight hexagonal core gives these fins the feel of glass-ons. Engineered with a medium flex pattern, these are stiffer than Blackstix but more flexible than Fiberglass.

FLAT FOIL

Flat foiled fins break free sooner, and are better at controlling speed. Often surfers prefer them in fast powerful surf where they do not need to create additional speed. If you have muscle memory from riding glass-ons, flat foiled fins will feel the closest.

SIDE FINS:

HEIGHT: 4.73"

BASE: 4.64"

AREA: 15.98

CENTER FIN:

HEIGHT: 4.49"

BASE: 4.63"

AREA: 15.32"
