### FUTURES FINS DHD THRUSTER LARGE

The Sharp Eye thruster, designed by shaper Marcio Zouvi, is a medium size neutral template. Featuring a balanced flex pattern, this fin incorporates a wider base and a refined tip for great all-round performance in a variety of conditions. The medium size template has already won a major QS event, under the feet of team rider Jett Schilling.

ALL-AROUND PERFORMANCE

Honeycomb fins have a lightweight hexagonal core which reduces the weight and maintains the flex properties. These fins are engineered with a medium flex pattern, making them stiffer than Blackstix but more flexible than fiberglass. These fins have a Ride Number range of 4-7 and are great all around fins for any condition.
