

GREENFIX ICE COLD SURF WAX ECOLOGICAL UP TO 10°

Code: ART0000

€ 3,00

GREENFIX ICE COLD SURF WAX ECOLOGICAL

Temperature range up to 10 degrees

Wax 100% eco-friendly, 100% natural.

The GreenFix Surf wax is the alternative to paraffin, 100% ecological and natural, environmentally friendly and made from renewable ingredients.

The ingredients used to make the GreenFix are entirely composed of waxes and oils of natural origin and rosin * Amended natural, without any additive of petrochemical origin.

The Cold GreenFix offers exceptional grip in colder waters.

10-17 ° C. Bread 90 g. Melon scent.

* What is rosin?

Rosin is a solid resin obtained mainly from pine trees and other plants, mostly conifers, obtained by evaporating the liquid and volatile components of this resin. The rosin is used as an ingredient, among others, for inks, soaps, soda and waxes.

Used for its high ability to grip. (source Wikipedia)
