The Hypto Krypto Twin Pin is a winged pin tail version of the Hypto Krypto model. Designed to be ridden 1-2" longer than your Hypto, it suits a neutral performance twin fin template like the Futures T1. The Hypto Krypto Twin Pin will ride nice and tight with plenty of speed and draw great open face lines with control and response.

SKILL LEVEL - All Levels

CONDITIONS - ALL CONDITIONS

With great paddle power, and plenty of speed, you will be able to draw lines and flow in all types of waves up to 8ft faces.

SUITABLE WAVE FACES - 2-8FT FACES
