HAYDENSHPES HYPTO KRYPTO EPOXY SOFT BLUE TILE FUTURES

Modelled after our iconic Hypto Krypto, the Hypto Krypto Soft Top is a balance of tradition and modern performance with an added boost of fun. Built with a Full Grip Textured Deck, and shaped rails based on the original Hypto, this superior soft top offers performance capabilities you'd never expect from previous soft tops. Suited for any caliber of surfer—everyday to elite—the Hypto Softie's versatility and likeness to the original allows you to excel in surf even beyond small beach breaks. At the very least: an extremely durable shape you're sure to have a blast on.

Solid bamboo stringer with fiberglass reinforcements
EPX / Epoxy laminated hard core with 3mm EVA soft shell
Textured deck for grip (wax optional)
