INDIO ENDURANCE LONGBOARD TRIM MACHINE 9'1" GOLD INDIA

Indio Surfboards started as a soft board brand and quickly became a hit all along the European coast. Indio Surfboards has now expanded its portfolio by adding the latest technology in softboards and regular surfboards.

Inspired from the double ender design, this longboard is made to cover all the aspects of longboard surfing. Made to turn and nose ride in small to head high conditions. It has single concave in the nose and mid-section, then transitions into a double through the fins and V in the tail. These ingredients combined with the characteristic parallel rails makes for the perfect Trim Machine.
