ION JUNIOR CAPTURE SEMIDRY 5/4 DL FRONT ZIP

Gear up your grom with a performance-oriented suit tailored to match the ambitious riding style of a progressive young rider. With a high percentage of extremely durable Nylon lining, the Capture is robust enough to endure even the toughest of treatment.

Full Flex: Movement in all the right places.

Water_Gate_Plus: All ION GBS semidry wetsuits (long arms and legs) are equipped with the Water_Gate_Plus batwing panel, placed on the back behind the zip. Its purpose is to act as a barrier against water which likes to seep into the suit via the back zip. The final touch to this feature is the glued blind-stitched seams, which are covered by extra sealing Neoprene Tape.

Robust: L_Tex knee protection and durable Nylon to protect the suit from wear and tear.

TARGET GROUP

Ambitious groms with a progressive and energetic riding style looking for a durable suit to start their ION adventure.

AQUA-?™

All ION Wetsuits use the new Aqua-?™ technology. Aqua-?™ is a solvent-free and completely water-based glue. We also use dope dye, which is great for the workers at the factory as there is nearly no bad smell from the glue. The difference is huge. A good step for the people behind all the great wetsuits!
