ION WETSUIT STRIKE AMP SEMIDRY 4/3 BACKZIP DL

Increase your performance with the Strike Amp's perfect composition between stretch and warmth. The secret for optimal heat retention lies in ION's proven flexible inside lining called Hot Stuff 2.0 in combination with toasty warm Plasma Plush 2.0. I_foam neoprene, which enhances flexibility even further, while Drygrid reduces the overall weight due to less water absorption. In spots without thermo lining, super soft Silk Stuff increases next-to-skin comfort to the max. The result: Your perfect everyday wetsuit, no matter which conditions you will face today.

TARGET GROUP

Featuring a slightly wider cut specifically designed for rugged wind water sports athletes looking for a wetsuit that meets their ambitious demands for performance, stretch and freedom of movement.

MAIN FEATURES
