MADNESS PERELSON BIRDIE SLICK 8.375" DECK

Made from 7 plies of Canadian hardrock maple, the Resin-7 construction uses a gnarly epoxy that allows for more strength with less glue. This means that Resin-7 decks are considerably lighter, stiffer and longer lasting than traditional 7-ply construction.

- width: 8.375 "
- length: 32.4 "
- step: 14.75 "
- nose: 6.875 "
- tail: 6.5 "

Medium concave

Standard form of the popsicle

Resin-7 construction with Slick treatment and deep wheel arches

7-ply maple wood construction with epoxy resin

Lighter, more rigid, it keeps the Pop longer

Pearl slick treatment for easier slides

Single deck press
