MINI LOGO HYBRID A-CUT 95A WHEELS 56MM

With the A-cut wheel, you get a skateboard wheel designed to cover more varied types of terrain, than what their C-cut shape can run on

A tread pattern and a nice wide base make this wheel able to traverse minor obstacles and cracks.

Tech Features: This 95A version will leave you with options for going street or park and will surely be the most around hardness in the range

Made with the renowned long-lasting urethane out of the Skate One organizatio
