ECOBOARD CERTIFIED

This board is recognized by the Sustainable Surf Foundation as a Level One Eco Board; "An ECOBOARD is a high-performance sustainable board. It has the same technical performance attributes as any modern water-sport board, while having reduced environmental and toxic impacts."

Rail: Full

Bottom: Single to Vee

Ideal waves: 1-6ft

Level: Beginner – Expert

Available in two colours, the Protech funboard comes with three nylon M7 fins. For riders looking to squeeze more performance from their board, J7 RTM upgrades from NSP are available. Find them listed further down below under "optional accessories".

- A stunning combination of fantastic value, durability and performance. The Funboard is one of the most popular in the NSP range for progressing skills.
- Semi-rounded nose with low entry rocker design puts more volume up front to give more paddle power to catch waves early and easily.
- Domed deck profile allows a forgiving but sensitive rail feel, while the pulled in, rounded pintail is providing control to bottom turns and cutbacks.
- Concave bottom creates a fast water transition through to the tail – providing balance and control in a range of conditions.
- The tri-fin thruster setup guarantees speed and liveliness, with enough hold to ride out your line.
