

OCEAN & EARTH APEX 6'8" SHORTBOARD TRAVEL COVER 2 BOARD

Code: SCFS04-A

€ 435,00

OCEAN & EARTH APEX 6'8" SHORTBOARD TRAVEL COVER 2 BOARD

If you're chasing the pinnacle of surfboard cover protection and durability look no further than the APEX.

Designed for a wider fit, carrying 4 fish and or shortboards this "patent applied" travel cover comes with the XPS and IPS protection systems, giving your boards unprecedented protection. Combined with a contoured rail gusset, anti shock shoulder strap, aircon vent system and external compression straps this cover will protect your boards so you can hit the waves with total peace of mind.

Embrace the future of surfboard protection with our innovative APEX, 'XPS-IPS' protection systems, incorporating a structured external shell (XPS) for high-impact defence and internally positioned cushioning pads and compression straps (IPS) designed to cradle and safeguard your boards, instilling a lifetime of trust.

APEX is designed for a lifetime of use, and our new lifetime warranty underscores our commitment to a sustainable future, reducing waste and keeping the Ocean & Earth pumping for generations to come.

The pinnacle of durability and innovation. Surf with no limits.

IPS - INTERNAL PROTECTION SYSTEM

Strategically positioned cushioning pads and compression straps designed to cradle and protect your boards.

NOSE CUSHIONING PADS

Strategically positioned cushioning pads redirects the stress away from the fragile point of your nose.

BOARD CRADLE PADDED DIVIDER

Strategically positioned cushioning pads designed to cradle and protect your boards.

PADDED INTERNAL COMPRESSION STRAPS

Minimises board movement whilst in transit: boards arrive at the destination the same way you packed them.

NOSE + TAIL PADDED BUMPERS

Forget about bubble wrap. Extra padding to further protect the most fragile parts of your board.

AIRCON VENT (INTERNAL & EXTERNAL)

The integrated vent enhances breathability and regulates temperature to prolong your board's life. 2 aircon vents both topside of board cover on nose and tail.

CONTOURED RAIL GUSSET

Designed to fit rocker curve, providing a secure and protective fit during transport.

PADDED FIN POUCHES

Positioned in the rail of the cover for you to stash and separate your fins from your delicate boards. Each pouch has separate sections, so your fins don't touch each other. 2x fin pouches for the double covers & 4x in the 3,4 & 5 board covers.

ANTI SHOCK SHOULDER STRAP

Url: https://www.surfcornerstore.com/ocean_earth_apex_6_8_shortboard_travel_cover_2_board_1

The stretchy shoulder strap offers flexibility and comfort, adjusting effortlessly to your movements.

SHOULDER STRAP STASH POCKET

SKID PLATE

Reinforced fabric skid plate to protect board tails / rails. Slide / drag your board bag perfect for taking the load off your shoulders.

TOP LOAD HANDLES

Strategically positioned handles to help baggage handlers move your prize possessions with ease through the airport.

ERGONOMIC CARRY HANDLE

HEAVY DUTY, LOCKABLE ZIPS

Large lockable zipper heads. Extra security for your boards.

HANGING HOOK

Patented removable hanging hook. Hang your cover with ease.
