€ 48,90

Surfing big waves? Then you need to be able to trust your Surfboard Leash 100%! The Premium One-XT Leash - 8ft is built for big wave surfing and will have your back when the swell turns on. Charge waves up to 12ft easily with this leash. It also comes in a range of colours to suit your style.

Surfboard Leash Specs:

Wave Size: 12ft (3.7m)
Cord Dia. : 9/32" (7mm)
Strap : 50mm Padded

Additional Surfboard Leash Features:

ONE PIECE EXTRUDED CORD - From swivel to swivel - just one cord... one component. Eliminates the need for end joins, which are the weakest points in conventional leashes, meaning no weak points.

DUAL ANCHOR SWIVELS - Marine grade, stainless anti-corrosive free-spin swivels for tangle-free surfing.

ORIGINAL DETACHABLE RAILSAYER - The original railsaver system designed by O&E, with sewn in anchor cord. Protects rails and is easily detached.

NEW FORMULA CONTROLLED-STRETCH URETHANE - The larger the wave, the more stretch which keeps your board at a safe distance away. Premium grade quality urethane developed by the world's leading manufacturer.

FLEX NECK STRAP PLUG - Allows 360° movement of leash and offers more comfort when leash is under load.

SAFETY RELEASE PULL TAB - Easy to see 'Safety Red' quick release pull tab. Essential when surfing big waves and reefs.

EASY-WRAP NEOPRENE STRAP INNER - Vertically moulded neoprene panels easily wrap around your ankle, adding to comfort.

PLUG BUDDY - Another O&E first. Ensures leash string can be easily slipped through surfboard plug.

WARRANTY - Guaranteed against faulty workmanship or defective materials for 12 months from date of purchase.
