

OCEAN & EARTH RYAN CALLINAN LITE TRAC PRO PAD 3 PEZZI BLACK

Code: TP71

€ 52,00

OCEAN & EARTH RYAN CALLINAN LITE TRAC PRO PAD 3 PEZZI BLACK

Our Ryan Callinan pro series surfboard tail pad is designed by the Mayor of Merewether himself. A high performance pad, constructed from lightweight, high impact, water resistant EVA. R-Cal's Pro Series tail pad now comes in the Lite Trac construction. This construction is compressed and includes a moulded traction pattern technology making the pad lighter and grippier than his original EVA traction pads.

Length: 305mm

Width: 300mm

Pieces: 3

Arch: 7mm

Power Kick: 25mm

Tread Pattern: Multi Directional Lite Trac

MULTI DIRECTIONAL TRACTION – Horizontal routed centre piece increases the sensitivity between the back foot and board
WATERPROOF EVA- O&E's unique closed cell EVA formula which has been developed to be UV stabilized, water resistant, super grippy, extremely thin and light weight.

SUPERIOR ADHESIVE BACKING- 3M high grade adhesive formula, developed for EVA offers maximum, long lasting adhesion.

POWER KICK-High density EVA foam wedge inserted into the tail kick resulting in added control and drive.

All tail pads come with plastic free packaging.
