SANTA CRUZ

SANTA CRUZ PRISMATIC DOT 8.8" x 27.7" CRUZER SHARK

The Santa Cruz Prismatic Dot 8.8" Cruiser offers a comfortable ride on any terrain and is always the best for travel. Thanks to the kicktail, no obstacle is too high. With technique, you fleetingly climb every curb that gets in your way. It doesn't matter if you cruise and carve around the city, regardless of traffic jams, or do a few laps in the skate park. The soft concave keeps you firmly on the board, and even very sharp turns are no problem. The truck and wheels fit the board perfectly. Thanks to the wide tread and slightly softer hardness of the wheels, you can overcome any obstacle.

Width: 22.4 cm
Length (cm): 70.4 cm
Truck Mount: Top mount
Truck Width: 5.5 inch
