

SLATER DESIGNS 4 PIECE TRACTION FLAT PAD GREY

Code: PADK-T-4F-GYBK

€ 50,00

SLATER DESIGN 4 PIECE TRACTION FLAT PAD GREY ALGAE FOAM

FEATURES

- 5mm Thick X 27mm Kick
- 12.5" W x 12" H
- 4 Piece pad
- No Arch
- Square tread
- 3M adhesive backing

This traction pad was designed for surfer's looking for a more direct connection to their board, with the flat surface mimicking your front foot sensation.

Cutout strips provide a closer connection to the board while the square traction tread provide unparalleled grip, allowing the rider to power through turns and land those difficult maneuvers.

BLOOM is a high-performance flexible foam made from algae biomass harvested from freshwater sources throughout the world. The BLOOM Foam process:

- Helps improve the quality of waterways by removing excess algae that harms plants, animals, and people who rely on the ecosystem for survival.
- Recirculates fresh water back into the habitat.
- Aids CO2 capture and sequestration. We're literally scraping pond scum, solar drying, and pulverizing it before foaming the material to create a pad that helps re-balance the natural ecology, and reduces our dependence on non-renewable oil.

Through this patented algae-technology, we have created a product with increased durability, improved shock absorption and reduced weight over conventional foams. The packaging is made with post-consumer backing, soy-based inks and a biodegradable wrapping.

By choosing this traction, you are helping make the world a cleaner place.
