SLIDE SURFSKATE SWALLOW 33 NOSERIDER

The best option for longboarders and heavier skaters

The biggest volume deck of the collection, this shape is focused on longboarders and riders that would rather have extra volume under their feet. The Swallow allows you to practice wide turns, move and dance the same way you do surfing with your longboard.

The Swallow is the perfect model for bigger sized riders and for those who are more comfortable with wider shapes and bigger wheels under their feet.
