### SMOOTHSTAR 32" FLYING FISH YELLOW BLACK SURFSKATE COMPLETE Is this SmoothStar right for me?

The 32" Flying Fish is the most popular model for surf groms aged 9 – 13 years. It is perfect for young surf groms who want to progress their surfing. Surfers of this age typically start to gain more confidence and gain strength in their body, so the Flying Fish is the perfect fit. It responds perfectly to body movement and mimics surf turns.

The Flying Fish is one of the most popular and boards throughout Australian surf culture. The Flying Fish was developed back in 2013 and is now enjoyed by grommets all across the world to improve their surfing.

Grommets can push the Flying Fish to do more advanced surf turns and maneuvers – the board will respond. Groms will be able to practice their bottom turns, generating speed, and also tail slides.

The 32" Flying Fish is a responsive, sharp turning and slightly cheeky model designed for younger surfers. It is perfect for practicing surf maneuvers such as the bottom turn or a cutback. The wide, slightly concave deck and swallow kicker makes it easy to perform effortless tail slides.
