SOFTECH THE MIDDIE EPOXY SOFTBOARD FCSII TROPICAL 5'10" | 6'4" | 6'10"

A well rounded board. Whether it be clean & pumping or desperate times, a drawn in tail with ample rocker out the back lets you whip this board around with ease. Don't be afraid to go up in volume. A wider nose and waist keeps you afloat, making it our best epoxy board for small/mushy conditions or for beginners looking for an easier way to catch waves.

Plenty of rocker in the nose to hook into a turn or keep you from pearling, this board was designed with all skill levels in mind.

THE FCS II FIN SYSTEM

With the FCS II system, the need for any screws or tool to secure the fins has been eliminated. Simply insert the front of the fin into the plug and use downward pressure to lock the fin in place.

Easily insert & remove the fins based on the wave conditions or the rider's ability. Don't upgrade your board - just change your fins.
