STEWART HYDRO HULL 9'0" TUFLITE V-TECH LONGBOARD 2+1

9'0" X 23.25" X 3.0" - 67L

The Hydro Hull, quite possibly the most famous high-performance longboard model of all time, was Stewart's top-selling longboard worldwide for decades. Designed to be an all-around amazing performance board, the Hydro Hull blew people's minds with incredibly innovative features, like the modern trim rocker, single to double concave bottom, and beveled entry rail, which were revolutionary design features at the time. Now, it is made with Surftech's proprietary Tuflite V-Tech construction for a more natural flex while adding long-term durability.

4. Micro-Sandwich Veneer // Wood Veneer creates natural flex + adds break strength
5. Composite T-Stringer(s) // T-Stringers add power distribution + adds break strength
6. Carbon Stringer (*on select models) // Distributes power + protects from dings + adds break strength
7. Carbon Tail Patches (*on select models) // Distributes power + protects from dings + adds break strength
8. Reinforced Rails // Fiberglass reinforced rails enhances performance + durability
9. Exclusive Sandwich Technology // Surftech Tuflite boards are molded with exclusive methods
