STEWART RIPSTER 9'2" TUFLITE V-TECH LONGBOARD

9'2" X 23.5" X 3.0" - 71.1L

Single Fin setup

The Ripster Tuflite V-Tech is the best of both worlds, it combines classic styling with modern technical design features, making it the ultimate performance single fin! A deep, long blended concave in the nose makes this board paddle with maximum glide to catch every wave. It also creates trim speed and lift down the line, beating sections like you won't believe! The rails are down hard in the tail, then soften as they go forward, making this board turn incredibly well while also being forgiving. The hard edges on the tail release water, giving it ripping speed, and the foil holds it in the pocket. The heavy vee in the tail runs up to the middle of the board, where it's perfectly transitioned into the nose concave. This makes rail-to-rail surfing easier for that classic single-fin style and optimal performance.

1. Fused Cell EPS Core // Closed cell EPS core provides more response + flotation
2. GreenPoxy® Resin // The latest innovations in bio-based Epoxy chemistry
3. 2x Layers Fiberglass // E-glass has the highest strength to weight ratio available
4. Micro-Sandwich Veneer // Wood Veneer creates natural flex + adds break strength
5. Composite T-Stringer(s) // T-Stringers add power distribution + adds break strength
6. Carbon Stringer (*on select models) // Distributes power + protects from dings + adds break strength
7. Carbon Tail Patches (*on select models) // Distributes power + protects from dings + adds break strength
8. Reinforced Rails // Fiberglass reinforced rails enhances performance + durability
9. Exclusive Sandwich Technology // Surftech Tuflite boards are molded with exclusive methods
