### VISSLA EL SPORTO 18.5" BOARDSHORTS

Your new sparing trunks, whether you're duking it out with the big tubes or just trying to survive the local crowd. Sporty 4-Way stretch boardshort made with recycled poly Repreve and coconut fibers. Printed fabric with welded kiss close back pocket and integrated key rope. 18.5" outseam.

50% RECYCLED POLYESTER 38% POLYESTER FROM COCONUT 12% SPANDEX

#### REPREVE

la fibra contiene materiali riciclati, comprese le bottiglie di plastica. Quando vedi questa icona, ricorda: è ciò che c'è dentro ... che la rende riciclata. Con Repreve, puoi essere sicuro di contribuire al bene del pianeta. REPREVE è un marchio registrato di Unifi, Inc.

#### PERFORMANCE WAISTBAND

Tethered waistband for a comfortable tight fit and keeps it on your waist in bigger waves.

#### STRETCH UPCYCLED COCO / POLY / COTTON

This garment is made with a blend of upcycled coconuts, upcycled plastic bottles and polyester, and cotton. Upcycling is the process of converting useless products into new garments. This allows us to create performance garments with faster dry times and UV protection while reducing the amount of coconut husk waste and plastic bottles in landfills.

Thanks to a process called 'Cocotex', the overlooked waste is turned into an activated carbon fabric. The properties of this fabric are everything you could ever wish for in a pair of trunks: they stretch, they breathe, they fight odor, and they last.

#### ALTO QI REPEL

In passato, i tessuti idrorepellenti venivano trattati con sostanze chimiche note come PFC e fluorocarburi per aiutare a prevenire la saturazione della superficie nei tessuti. Il problema è che poiché queste sostanze chimiche sono rilasciate dai tessuti nel tempo, hanno dimostrato di danneggiare gli organismi viventi con cui vengono in contatto, influenzando la riproduzione e i sistemi
